
joomla 1.5 ari image slider ini file not working

Posted by Geedi - 2014/10/08 17:15

1.occasions.png

1.occasions.png="http://www.allycars.nl/apk-keuring"

1.occasions.png

i put it in the image file location that i gave up in the module the link is there but not clickable plus when i rightclick on my mouse it show open link and it takes me to it

allycars.nl

Hello,

Set "Disable mouse click" parameter to "No" in module settings.

Regards,
ARI Soft
