## INI File Link with referring sensitive graphics

Posted by Badze - 2015/03/21 15:59

---

Hello,

IÂ´m using the ARI Image slider with joomla 3.4.

IÂ´ve a problem with a code (Link) in the INI file.

This is my code to use a map area in the picture.

slider\_sponsoren\_1600x370.jpg=

But it doesnÂ´t work?! What is the false? ThankÂ´s!

Hello,

section is used to specify links for images, it doesn't support ability to add image maps.

Regards,  
ARI Soft

Hello,  
thankÂ´s for your quick response.

Have you an idea how can i solve the problem?

IÂ´ve four areas in the image and i want to put four diffrent links in image.

Sorry, but the extension doesn't support this ability.
