
Thank you Karma

Posted by fuzmic - 2017/08/17 04:13

Hi Karma

I think i had said thank you very much for your pointing to the avoidance of Optimization of JavaScript in the Helix Template Clash.

Because of your caring response i want to use more of your products. I am looking for

1 pagebuilder

2 template

3 portfolio

Can you suggest some from ARI Soft. Thank you again. :)

Hello,

Sorry, but we don't have these types of extensions.

Regards,

ARI Soft
