## Images cut in half and duplicated

Posted by beachgirl96 - 2018/02/07 23:41

---

I'm having issues with my images that are cut in half and duplicated. See attached screen shot. This seems to happen when the browser is resized.

<https://enerbank.com/> [http://www.ari-soft.com/images/fbfiles/images/Screen\\_Shot\\_2018\\_02\\_07\\_at\\_3-0a2bfebdb0e654f66384f735672103b6.png](http://www.ari-soft.com/images/fbfiles/images/Screen_Shot_2018_02_07_at_3-0a2bfebdb0e654f66384f735672103b6.png)

Hello,

This problem occurs because site template CSS file contains custom CSS rules which overrides slider styles. Add the following CSS rule to "CSS Styles" parameter in module settings to fix problem with animation:

```
body .nivo-slice {top:0}
```

Regards,
