New pics - site doesn\'t work

Posted by pttt - 2021/12/26 20:41

_____

Hi everyone,
when I upload a new pic to the ari Folder my site will crash.

Joomla 3.10.4
PHP 8.0
Error massage:
0 - Non-static method Asido::driver() cannot be called statically

Is there a fix for that issue?
