lost the plugin description after update joomla
Posted by mistan - 2011/03/13 17:58

_____

I lost the lightbox description in plugin manager after updating to Joomla 1.6.1. I need it for reference to embed some flash in articles. Any other place I can find the similar document?

Tony

_____

Hello,

If you mean "System - ARI Sexy Lightbox" plugin, find documentation in attach please. We will fix issue with description soon.

 http://www.ari-soft.com/images/fbfiles/files/system_plugin_descr.zip

Regards,
ARI Soft
