
ari cloud carousel with sexy light box

Posted by Tsambikos - 2011/05/07 16:26

Hello,

I have ari cloud carousel on my site and i have installed the plugin ARI Sexy Lightbox Anywhere.
But this is not working on my site.
The image are stil open in another view.
Please can you help me.

Hello,

Install "ARI Sexy Lightbox" module and install, configure and enable "System - ARI Sexy Lightbox" plugin.

Regards,
ARI Soft

Hello,

I saw that i was making a mistake with the wrong plugin.
It is working perfect now.
Thanks for everything.

Hello,

Set "Lightbox integration" parameter to "ARI Sexy Lightbox" in "ARI Cloud Carousel" module settings. Lightbox integration makes sense if "Use thumbnails" parameter is set "Yes" or images from carousel are associated with external pages in INI file. If it doesn't help, provide link to page where we can see the problem please.

Regards,
ARI Soft
