Hello,

I'm wondering if some1 could tell me how i can get borders arround images in the carousel.  
I'm not so good at this and still learning. I have found a page whith code that i need to put somewhere, but i dont know where.

Hello,

Add the next CSS rule to a site template CSS file:

```
.ari-cloud-carousel IMG.cloudcarousel
{
border: 4px solid gray;
}
```

Regards,
