
work IE9 not work firefox and chrome

Posted by iquique32 - 2011/08/31 23:46

Ari cloud carousel

IE9 but if it works in firefox and chrome does not work why?? My client wants to buy it but that works in all browsers.

http://www.ari-soft.com/images/fbfiles/images/not_work.png http://www.ari-soft.com/images/fbfiles/images/not_work.png

important

content3 left in position and called from an article using {loadposition content3} simproblemas IE9 works does not work in firefox and chrome and I do not understand anyone can help me

Hello,

The extension works in all modern browsers. You can check it on our demo site. If it doesn't work on your site, it can be a conflict with a 3rd party extension or site template. Provide link to page where we can see the issue so we could investigate it in more details.

Regards,
ARI Soft
