hello, is there a possibility, that when the last item is clicked the carousel does not make the "flipping - effect". Like it is on Mousewheel, when you scroll with mouse u can scroll left and right without the flip effect on last item and i would like to have this same when clicking by mouse. With flipping-effect i mean the huge flipping. Sorry for my english :) thx in advance for ur help!

Hello,

Sorry, but the extension doesn't support this ability.
