_____

Hello,

Could explain what problems you have with the module?

Regards,
ARI Soft

_____

Module show don't work

I see an animation with points which turn

The script can't loaded

see at :

http://www.maisonboisdumont.com/index.php?option=com_content&view=article&id=4&Itemid=3

_____

Yes

I will turn ON jquery conflict

_____

what is your load juqery method?
unpublish every other plugin or module which use jquery. Did you use Mootools or other javascript framework?

===

_____

It seems the module works fine now.

Regards,
ARI Soft
