_____

Hello,

It can be downloaded here. Use "Download ARI Cloud Carousel module for Joomla! 1.5+" link.

Regards,
ARI Soft

when i click on the link i have this msg :
You can't download the file directly. Visit download page, please, that download the file.

Can Cloud Carousel works with joomla 2.5?

Ok thank you.

And is it compatible with J2.5 ?

_____

We re-sent the module again. If you don't receive it, check junk and spam box.

PS: The module is compatible with Joomla! 2.5.
