Posted by adyjob - 2012/06/27 03:46

Reflection image not align with thumbnails, I had search inside the forum and found solution by adding next CSS rules to template.

However, I could not understand how to do it. Anyone could point to me where to add the CSS rule?

Code:

```
div.block img.cloudcarousel
{
  margin: 0;
}
```

thank you

Hello,

Custom CSS rules can be added to "CSS Styles" parameter in module settings.

```
