
mailto: link in Cloud Carousel

Posted by jrmann - 2012/07/01 17:46

Hi,

I'm having a problem with a couple of mailto: links in ARI Cloud Carousel.

See www.accu-nav.com/spaces/, the carousel in the bottom left corner, images uturn sales and worldlink business.

The email address is forwarded as a long javascript string.

Regards,

John

Hello,

Disable "Email cloak" plugin.

Regards,
ARI Soft
