
Individual Borders

Posted by twister - 2013/01/10 06:19

I have a carousel setup with 4 images. See here: <http://www.jadephoenixartist.com/>

I need to place a border around each individual image (thumbnail) How do I go about that?

Thanks in advance.

Hello,

Add the following CSS rule to "CSS Styles" parameter in module settings:

```
IMG.cloudcarousel
{
border: 1px solid green;
}
```

Hi,

Expanding the question. When clicking on the thumbnail and the larger image "pops up" how do I add the border to the larger image?

Same site: www.jadephoenixartist.com

Thanks in advance.

Try the following CSS rule:

```
#sbox-content IMG
{
border: 3px solid red;
}
```

```
margin-top: -3px;  
margin-left: -3px;  
}
```
