Hello,

If you want to use "ARI Cloud Carousel" with "ARI Sexy Lightbox" extension, install "ARI Sexy Lightbox" module then install, configure and enable "System - ARI Sexy Lightbox" plugin and set "Lightbox integration" parameter to "ARI Sexy Lightbox" value in "ARI Cloud Carousel" module settings.

If something doesn't work, provide a link to a page where we can see a problem so we can investigate it. If it is private, you can send it by email.

Regards,
ARI Soft
