Link in Description Section

Hi,

using Ari Cloud Carousel, I have to insert a link (href) in the Section .

Links in Section are working fine, but an additional link has to be inserted in the pictures description section. Formatting HTML-Tags in are working fine, but does not...

Does anybody has knowledge about this possibility? ;)

Thank you in advance,

kostolanix

Hello,

Send a link to a page where we can see the carousel and a link to INI file. HTML tags should work fine.

Regards,
