Joomla 3.4.1 - Message: JFolder: :files: Path is..

Posted by surcl1 - 2015/06/17 09:36

_____

Hello,

I have installed your super carousel and everything works fine on my side. There is just this message: JFolder: :files: Path is not a folder.
How to manage this message?

greetings

_____

Hello,

Remove empty lines from "Image path" parameter.

Regards,
ARI Soft

_____

Hello,

So simply...

Thank you for the answer and for this great module.

Greetings
