
path is wrong

Posted by xjose - 2018/09/27 22:50

why?

My site is <https://ijoseba.000webhostapp.com/index.php/en/discografia>
could help me with the path, I do not know what it is

Hello,

Enter correct path to folder with images in module settings. For example if images are located in /images/carousel folder, populate "Image path" parameter with the following value:

images/carousel

Regards,
ARI Soft

Re:path is wrong

Posted by admin - 2018/09/29 10:28

Open module settings page and set "Load jQuery method" parameter to "Local copy".

Regards,
ARI Soft
