
Slick Gallery and Flickr?

Posted by chillicarney - 2011/03/10 16:00

I'd like to use the slick gallery module to pull random photos from my Flickr photostream... is this possible? What's the best way to do? Thanks in advance for any help.

Hello,

The extension doesn't provide this ability. We can implement this feature as custom development.

Can you give me an idea of the cost of this? Thanks again.
