
ARI Slick Gallery with Core Joomla! lightbox

Posted by tkinateder - 2012/09/12 14:27

Hello,

i use the ARI Slick Gallery with the Core Joomla! lightbox, it works to 50% for me :) I have the thumbs to click in a Article with the {loadposition xy}. When i click on a thumb foto the Foto cam ein the lightbox thats fine. But i need in the lightbox a slideshow like in the demo site of the ari slick gallery.
Can everybody help me to get the slide in the lightbox ?

Best regards
Thomas

Hello,

Core Joomla! lightbox doesn't support slideshow mode. "ARI Slick Gallery" uses ARI Sexy Lightbox lightbox on demo site.
