
Position of thumbnails

Posted by CJS - 2014/08/20 21:19

Hello,
which is the way I have to distribute the thumbnails along the page as is in the Demo?
I'm having problems setting because the thumbnails are always in the corner of the page :(
I use this template <http://www.joomltemplates.youjoomla.info/yougrids/features/module-positions.html>
'm already getting desperate unsolved for images
I am grateful for any help you can give me

Hello,

Increase values of "Width" and "Height" parameters in module settings.
