
Tag HTML of description in .ini file not working

Posted by ngotuyetmai - 2011/08/05 01:10

Hi

I have a problem with ariorbitslider.ini, tag HTML in descriptions are not working. Bellow is code in my file:

Thanks in advance

```
slide1.png=""  
slide2.png=""
```

```
slide1.png="slideshow1"  
slide2.png="slideshow2"
```

```
slide1.png="slideshow1"  
slide2.png="slideshow1"
```

Please note: although no board code and smiley buttons are shown, they are still usable.

Hello,

Use the next content in INI file:

```
slide1.png="slideshow1"  
slide2.png="slideshow2"
```

```
slide1.png="slideshow1"  
slide2.png="slideshow1"
```

Check also that INI file is located in folder with images.

Regards,
ARI Soft

and this is file ariorbitslider.ini :

```
slide1.png=""  
slide2.png=""  
slide3.png=""
```

```
slide1.png="slide1"  
slide2.png="slide1"  
slide3.png="slide1"
```

```
slide1.png="slideshow1"  
slide2.png="slideshow1"  
slide3.png="slideshow1"
```

Sorry, but /modules/mod_ariorbitslider/ariorbitslider.ini file on your site doesn't contain any HTML code.

Regards,
ARI Soft

Thanks you for your support, because my client request a link demo, so i was change text description. Can you help me now, i will change text description now. Bellow is my file:

```
slide1.png=""  
slide2.png=""  
slide3.png=""
```

```
slide21.png=""  
slide22.png=""  
slide23.png=""
```

```
slide31.png=""  
slide32.png=""  
slide33.png=""
```

```
slide1.png=""
```

slide2.png=""
slide3.png=""

slide21.png=""
slide22.png=""
slide23.png=""

slide31.png=""
slide32.png=""
slide33.png=""

slide1.png="DOLPHIN RETRE"
slide2.png="DOLPHIN RETRE"
slide3.png="DOLPHIN RETRE"

slide21.png="DOLPHIN RETRE"
slide22.png="DOLPHIN RETRE"
slide23.png="DOLPHIN RETRE"

slide21.png="DOLPHIN RETRE"
slide22.png="DOLPHIN RETRE"
slide32.png="DOLPHIN RETRE"

Hi

I'm tring to get html code to render on the captions however it just displays the description and text.

Example:

header1.jpg="Join the Gateway and get involved in the decisions that affect your community."

Dispalys as:

Help shape the future of your neighbourhood.Join the Gateway and get involved in the decisions that affect your community.

Could you point me in the correct direction.

Thank you

One thing, it appears to be stripping out the speech marks "", but I can't find out why?

Hi
Many thanks for getting back to me.
Here's the page:
<http://1047546187.n52720.test.prositehosting.co.uk/>

I do need to work on this so apologies if it changes.
However this is how the ini file is set out at present

header1.jpg="Help shape the future of your neighbourhood."
header2.jpg="Your home, your community, your future"
header3.jpg="The leader in opening doors to a lasting, richer life."

header1.jpg="Join the Gateway and get involved in the decisions that affect your community."
header2.jpg="Your home, your community, your future"
header3.jpg="The leader in opening doors to a lasting, richer life."

header1.jpg="http://1047546187.n52720.test.prositehosting.co.uk/get-involved-be-a-part-of-it"
header2.jpg="http://1047546187.n52720.test.prositehosting.co.uk/your-home"
header3.jpg="http://1047546187.n52720.test.prositehosting.co.uk/visions-and-values"

As you can see I have introduced a second description tag, this is so I can style them individually.

Here is the resulting output, just in case it has changed. (for header1.jpg)

Help shape the future of your neighbourhood.Join the Gateway and get involved in the decisions that affect your community.

Many Thanks

You use old version of the module. Upgrade it to the latest version.
