
Alt text and Title not showing in html

Posted by itgold - 2015/07/15 18:12

Hi

I have looked through all of the threads that contain alt text but have yet to find a solution for this problem. Here is what I have:

CHECKED USING FIREBUG 2.0.11

Hello,

Use the following content in INI file:

```
1traceallbanner.png="Traceall Website Banner"
cheesefactory.png=""
icecream.png=""
LettuceGrower.png=""
manufacturing.png=""
tortillafactory.png=""
```

```
cheesefactory.png="http://www.traceall.ca/index.php/cheese-process"
icecream.png="http://www.traceall.ca/index.php/icecream-process"
LettuceGrower.png="http://www.traceall.ca/index.php/lettuce-producer"
manufacturing.png="http://www.traceall.ca/index.php/manufacturing-process"
tortillafactory.png="http://www.traceall.ca/index.php/tortilla-process"
```

```
1traceallbanner.png="TraceAll website banner"
cheesefactory.png="Images of cheese production at a cheese factory"
icecream.png="Images of ice-cream production at an icecream factory"
LettuceGrower.png="Image of havesting lettuce from a farmers field"
manufacturing.png="Images of parts production at a steel processing plant"
tortillafactory.png="Images of tortilla production at a tortilla factory"
```

Regards,
ARI Soft

Thanks, that got the Title showing up, any idea about the Alternate text?

=====

Re:Alt text and Title not showing in html

Posted by admin - 2015/07/15 19:39

The extension doesn't support ability to add alternate text from INI file.

So therefore if I use your ARI Orbit Slider on my Joomla site it will not be WCAG 2.0 (Level AA) compliant.

Posted by itgold - 2015/07/15 20:12

Do you have any kind of image rotator that will provide alternate text for the images loaded?
