
Trying to display the flip book in the front page

Posted by heropacifier - 2012/04/26 11:08

Hi,

I've been trying to install the flip book, I think I've done it right on joomla 1.5. But I've not been able to display it in an article on the front page.

I've checked the tags etc, and am not so sure what is wrong. :S

Could you advise, what is the email I could send to for help.
