
Trouble with article

Posted by lorenzopelli - 2012/07/23 21:31

Hi,
i'm new with ARI Flip Book... i have 2 questions:

1) I have article that are too long as one page, but it will not created more than one pages. How can i made, when i have an article that too long as one pages is? I want to have a second one, or a third...

2) I use a module to create an image gallery in a content. In the flip book i have a white page! Can u tell me how to made a gallery with pop-upo image?

Thank you and sorry for my english...

Lorenzo

Hello,

1. Each selected article is a page in flip book. The module doesn't split an article into several pages.

2. Where we can see the problem?
