# starting with closed option doesn\'t start it close

Posted by 2muchturkin - 2012/11/01 23:10

_____

I chose the closed option but it still shows it as open on start. How can I fix this? Thanks

_____

Hello,

Could you provide a link to a page where we can see the problem?

Regards,
ARI Soft

_____

I would like a refund please. This extension is near useless to me. You should have polished it before offering it for sale.

_____

Describe what doesn't work and provide a link to a page where we can see a problem. It can be a conflict with 3rd party extension or incorrect configuration of the module.

Regards,
ARI Soft
