
Moleskine not shown in full size with all borders

Posted by Soil - 2014/10/29 08:02

Hi there, i loaded the flip book into an article, but the Book is not shown in full size with all edges and borders (see picture). What can i do. I made all parameters as suggested for moleskine (800/500).

Hello,

Is it possible to see the problem?

It can be a problem with site template styles so we need to see the problem to investigate it.
