## Full screen on load

Posted by dodoni - 2016/01/19 07:27

---

Hello,

Is there a way to have full screen enabled when the page loads;

Best regards

Hello,

It is possible to switch a book to a fullscreen if click a button in toolbar. Not possible to open a book in fullscreen mode due to security policy of browsers. They are allowed switch to a fullscreen mode only on user's event (user's mouse click and etc.).

Regards,  
ARI Soft
