Tags broken when edit an article Posted by maegras - 2012/06/08 17:14
Hi, when I write an article and embed a doc for the first time it works without problems.
If I try to edit the article, plugin tags disappear and I find other strings instead. If i save doc is no more embedded.
String on save {aridoc width="100%" height="450px"}images/Curricula/CV - Marco Rofei.pdf{/aridoc}
String on edit
n
Joomla 2.5.X JCE or TityMCE is the same

Hello,
Could you provide a link to a page where we can see the problem and a temporary access to your J! backend by email so we can investigate an issue?
Regards, ARI Soft

I have to upload a new version of plugin?
I tried on test website and issue is still there. Here I'm editing an article from frontend. http://www.ari-soft.com/images/fbfiles/images/1-9bf53823b278256df3ebcd5409ff17a0.jpg
