Disable Print and Download Button

Posted by abdi - 2013/07/27 08:10

_____

I am using ARI DOC viewer with 'iframe' method, so i want to disable the 'print' and 'download' buttons.

Please help me how to disable it.

Regards,

_____

Hello,

Where we can see the buttons?

Regards,
ARI Soft

_____

Hello,

The download and print buttons are on the top right of the page when using 'iframe' viewer.

Attached is the snapshot.

Regards,

_____

These buttons are not added by the plugin. They are added by PDF viewer which is used by a browser.

Regards,
ARI Soft

_____

Can't help with it. The extension doesn't show "Print" and "Download" button. It is show by a viewer.

Regards,
ARI Soft
