Change the Background-Color of the Doc Viewer?

Posted by homeedition - 2016/11/24 12:09

_____

Hello,

how can i change the background-color of the Doc Viewer?
Select Document viewer engine: Joomla! article

Standard is: #d1d1d1
I would like to change the color to: #ffffff

Thanks a lot :)

_____

Hello,

Background color is defined in site template. The extension uses "component" view if it is not defined in your site template then Joomla! system template is used.

Regards,
ARI Soft
