
images are displayed twice

Posted by hector - 2015/03/03 15:35

Hi, all

i' m using ARI Smart Book, on Joomla! 2.5.17. at this page at this page

The problem is, the images are displayed twice, although they are only once saved in the folder.

What is the problem?

thnx a lot.

Hello,

It seems "Pages source -> Directories" parameter in book settings is set to images/com_arismartbook/pdf_import value instead of images/com_arismartbook/pdf_import/36sel_ZAXAROPOLISINTERNET value.

Regards,
ARI Soft
