lost space below books in fullscreen Posted by pgarcia - 2015/11/19 18:07
Hi,
I'm having lot of lost space under the books in fullscreen. Do you know how can I fix this?
Also, do you know when would it be possible to have bookmarks ? thanks you very much !
pedro

Hello,
Check your mail please.
About a new major version of the extension, we will start to work on it next week.
