
Zoom out produces distorted pages

Posted by Mik Towers - 2016/04/20 10:33

Hi:

I've got a Smart book. When I zoom in and then zoom out (to go back to 100%) the page looks distorted. Also, if I load in a smartphone, it loads distorted. <http://www.ari-soft.com/images/fbfiles/files/screenshots-40b3499a34a0ee5424e936c12a504e1f.zip> <http://www.ari-soft.com/images/fbfiles/images/smartphone.png>

Hello,

Could you send a link to a page where the problem occurs and specify what browser you use?

Regards,
ARI Soft

Yes:

<http://rapicredlibros.com/demo/index.php/catalogo>

Browsers:
Safari 9.0.3
Firefox 45.0.2
Chrome 49.0.2623.112 (64-bit)

All on Mac. Do you need a screenshot of configured settings?

Open template settings page ("ARI Smart Book -> Templates" page on component backend) and set "Auto size" parameter to "Yes" on "Styles settings" tab.

Hi

Thanks for your quick response.

Haven't Auto size option under "Styles settings".

I found Page Image Scale parameter under book settings. If I set to keep scale, produces some blank spaces and cropped pages and strange behaviors when zoom in / zoom out. (You can see now, I set this option)

Thank you!

Check that you use the latest version of the extension (1.10.1).

I've updated to last version (1.10.1)
Works better, but still got some issue in zoom in / zoom out.

Yes, I've set it before. The screenshots I've sent already have the option set

This is what I've got in style Settings.

Maximum width 964px

Minimum width 200px
Auto size Yes
Optimum page width (empty)
Optimum page height (empty)
Height 596px
Show shadow Yes
Shadow between pages Yes
Font size 14px

And in Book Settings tab

Pages display mode Two pages
Double page min width 300px
Text direction Left to right
Page image scale Keep scale
Show gradients Yes
Show cover Yes
Show title No
Duration 600
Elevation 50
Keyboard navigation Yes
Show page numbers Yes
Disable right click No

regards.

The book is shown fine. We checked it with different size of browser's window. Try again please.
