ARI SMART BOOK THUMBNAIL

Posted by Brienois - 2016/05/17 06:48

_____

Hello
I do not understand how to create the thumbnails pages
Also, I can not find where to indicate the size of thumbnails in the dashboard component.
If anyone can help me, thank you a thousand times

http://art-clay.fr/portfolio#page/2
 :(

_____

Hello,

Thumbnails which are used as preview in navigation slider can be created only for books which are based on images (PDF files), it is not possible to create it for books which are based on Joomla! articles or K2 items.

Regards,
ARI Soft
