
\"Loading\" page

Posted by turiddu - 2019/10/14 13:57

Hello,

I am trying to use ARI Smart Book, but the book never shows up.
Still getting the "Loading..." page.

The directory is correct, I see the list of the images in the backend.

Thankyou!

Hello,

It can be a conflict with a 3rd party extension. Could you provide a link to a page where the problem occurs?

Regards,
ARI Soft
