Hello,

Some of my boxes are squeezed and so are the images inside...(see image enclosed) is it fixable ??

Can I give the same width to all of the boxes ? <http://www.ari-soft.com/images/fbfiles/images/1-9dd8e394f984adfb9dc069235e3b84a7.jpg>

Hello,

Could you provide a link to a page where we can see the chart?

Some conflict with site template styles occur. Add the following CSS rules to a site template CSS file and clean browser's cache:

```
DIV.orggchart {overflow:auto;}  
TABLE.google-visualization-orgchart-table IMG {max-width:none;}
```
