
twitter dont working..

Posted by ndefreitas - 2015/10/21 22:30

we configure facebook perfect... but the twitter we cant make work.

We create the api, and get the keys, put in the account components the keys, in the module the id, but show nothing. we can see the twitter button but click get nothing.

Please help.

Thanks

Nelson.

Hello,

Could you send a link to a page where the problem occurs and what parameters are used in "Twitter" section in module settings? You can send these data by email.
