## problems with visual settings

Posted by ndefreitas - 2015/10/21 22:44

---

- 1.- how can modify the width to cover 100% of the space ?
- 2.- the all icon appear cut
- 3.- the facebook logo dont show aling, is wrong...

Thanks for your help, we attach the image for show you.

Hello,

Could you send a link to a page where the problem occurs? It can be a conflict with site template styles.

Regards,  
ARI Soft

---

Add the following CSS rules to a site template CSS file and clean browser's cache:

```
.social-harvester-wrapper,  
.social-harvester-wrapper * {  
  box-sizing: content-box;  
}  
.social-harvester-wrapper .section-intro A {  
  display: inline;  
}
```

thank you...

but how I can distribute within 100% of the width of the information?

i dont want blank space in the right <http://www.ari-soft.com/images/fbfiles/images/distribute.png>

Sorry, but the extension doesn't support this ability.
