Problem showing instagram user timeline Posted by itnoroeste - 2015/10/27 18:30
Hello,
i can show an instagram search, but no an instagram user timeline.
I try with:
-Username -@Username -Full name -Instagram ID -@Instagram_ID
obviusly with the username and instagram ID of my account, but nothing was shown.
How can i do??
Thanks

Hello,
Could you specify name (link) of timeline which you want to show? You can send it by email.
