
Resize image for facebook or instagram?

Posted by ndefreitas - 2017/02/22 02:34

Hi finally we have the pluggins working fine.. thanks a lot for your help.

Now we have problems with the images, the image from facebook are big... is posible resize the image only for facebook? or instagram?

<http://www.ari-soft.com/images/fbfiles/images/download.png>

we try set max-width to 70% but this change the size for all images, we want just change for facebook.

```
.dcsns-dark .stream li .section-thumb img {  
    max-width: 70%;  
}
```

thanks

Nelson.

Hello,

Is it fixed? We checked it in Google Chrome and the image looks fine:
