
Error:::class.AriKernel.php on line 16

Posted by Internaut - 2017/07/08 22:07

When viewing the slider from front end, I see the slider work, but above it, is the error:

Warning: A non-numeric value encountered in

public_html/administrator/components/com_arilayerslider/kernel/class.AriKernel.php on line 16

Appears in Chrome and Firefox.

Help?

Hello,

Download and update the component. It should help.

Regards,
ARI Soft
