## Tooltip data

Posted by jackson - 2021/07/30 09:50

---

Hello,

Anyone know where can I change the tooltip data with custom value?

Appreciate your advice! <https://www.ari-soft.com/images/fbfiles/images/tooltip.png>

Hello,

Sorry, but currently the extension doesn't support ability to modify tooltip format. It shows event preview.

Regards,

Noted.

Currently, I'm using bootstrap tooltip to disable the preview.  
Thanks for your prompt reply
