Query

Posted by caruga - 2016/10/21 14:44

_____

Hello, I have a request to make when using the plugins ARI Magnific Popup to adjust to small sizes dark semitransparent is placed as indicated in Figure 1, also also wanted to know if wanting to put a link of an item is displayed in a popup but under the whole page as puestra figure 2. as last question want to know whether to acquire the articles Pro version will see without showing me the rest of the page and step up as I said in figure 2. Many Thanks .

_____

Hello,

Could you send screenshots by email?

Regards,
ARI Soft

_____

Pro version shows articles without header, footer and other elements. It shows only a component output.

Regards,
ARI Soft
