## Data Parameters -- File Filter

Posted by Ellsinore - 2018/01/29 18:27

---

I have thumbnails for another application in my image folders and I don't want them showing up in the Joomla page gallery. I'm guessing a tweak to this setting:

Data Parameters >

File Filter >

(?

Hello,

Populate the parameter with following value:

`(^(?!thumb_).+)\.(jpg|gif|jpeg|png|bmp|JPG|GIF|JPEG|BMP)$`

Regards,

ARI Soft
