splash_openTimeout

Posted by studiocurci - 2021/11/06 08:50
_____

Hi,
using the following code timout doesn't work
{popup splash="1" splash_on="pageLoad" splash_key="1636187766795" splash_show="once_session" splash_openTimeout="10"}{link}Link{/link}{content}{/content}{/popup}

It shows immediatly the popup.
Is there a solution?
Thank you
Francesco

Hello,

Use splash_timeout parameter instead of splash_openTimeout. We will fix shortcode builder in the next version.

Hi,
I noticed a new problem.

Using the following code, when you accept cookies banner, popup disappears

{popup splash="1" splash_on="pageLoad" splash_key="1636699946166" splash_show="once_session" splash_autoClose="60" splash_timeout="0"}{content}my content{/content}{/popup}
I suppose the logic is that accepting and closing cookies banner the page is reload and so popup doesn't remain for 60 seconds.
But I don't want to set the parameter OPEN = always because I wish to show it only once per session.
Is there a solution for it?
Most of the sites use cookies banner, I'm sure you have consider this situation.
By teh way, this is the link https://www.itkataiji.com
Thank you, my best regards
Francesco

_____

Hello,

Do you want to show a popup only when a user accepts cookies?

Regards,
ARI Soft

_____

I solved it by disabling the page reload feature after accepting the cookie policy banner.
Thank you, best regards
Francesco
