## HELP! HOW TO REMOVE SHOW RESULTS AND SCORE!

Good day!

I would like to know how to remove or modify the text on the "SHOW RESULTS" and the "YOU GOT 0 out of # Correct" -- I think this is the limitation of the plug in - if this will just be modified. :(

Thank you!

Hello,

Open "SHARING" tab on "ARI Stream Quiz -> Settings" page and see "Title on result page" parameter in trivia quizzes section.
