
move quiz and question

Posted by mattrolan2008 - 2017/08/05 11:42

Dear Admin

I have a question, i want change my website so I will add quizzes and questions to new website.

I use Ari Quiz in joomla can do by export and import question, but Ari Stream Quiz is not

Can you help me

Thank you

=====

Hello,

Currently "ARI Steam Quiz" plugin doesn't support ability to export/import quizzes/questions. It is possible to copy data from database tables with asq_ prefix.

Regards,

ARI Soft
