
Unable to upgrade

Posted by TibTib - 2017/11/20 08:11

Hi,

I have been unable to upgrade the plugin to the most recent version 1.5.9. When trying to upgrade, I get an error messaging saying that "there are no update archives available".

Are you aware of this issue?

Thank you in advance

Hello,

You can read here how to update the plugin. Make sure that API key is specified on plugin settings page. API key can be found in "Member Area" on our site.
